

**STRAITS<sup>®</sup> INDUSTRIAL LASER  
SAFETY LIGHT**

PID: SL930LASER - RED OR GREEN SAFETY LINE

The Straits<sup>®</sup> Industrial Laser Safety Light provides excellent accuracy while channeling light over a wide distance. A clearly marked area within your commercial or industrial facility allows safe passage for pedestrians while providing a safety zone that is clearly marked with a crisp line of green or red. This plug-n-play system is the ideal solution for any facility.

**FEATURES**

- Maximum mounting height - 20 feet
